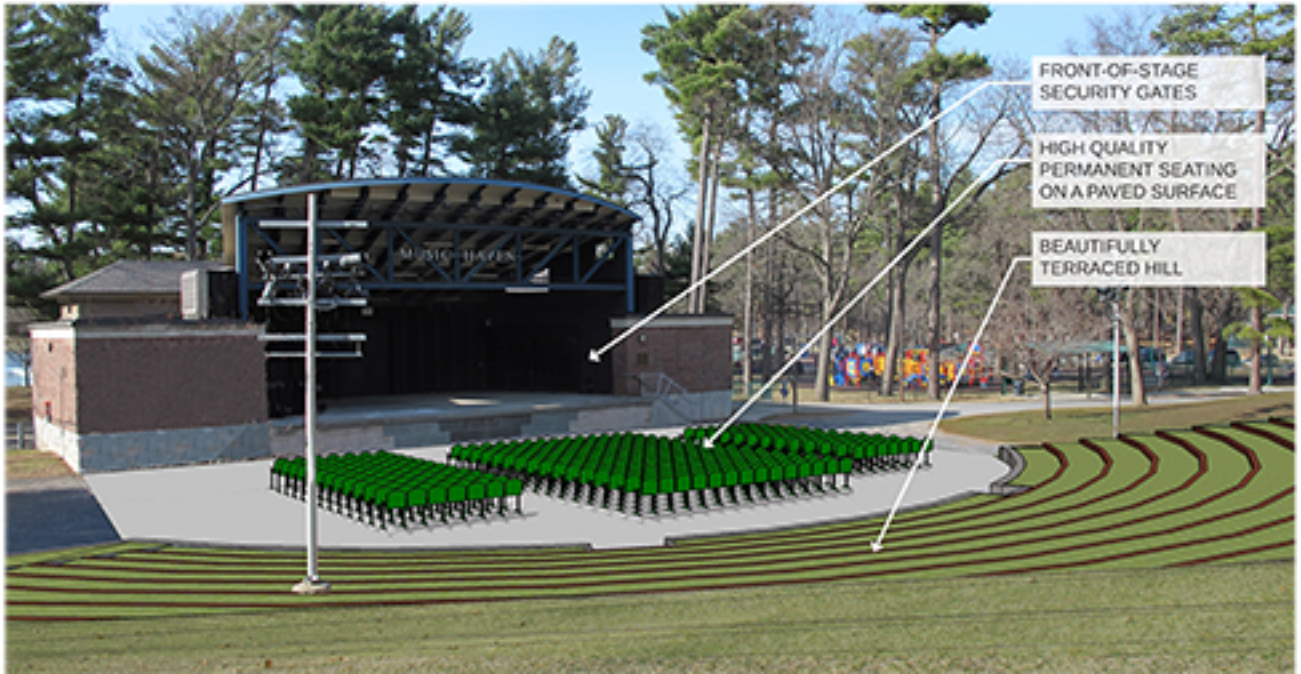
Support Music Haven

Personalize a Seat, Brick or Block Today!

Built in 1999 with widespread public and private sector support, the Agnes Macdonald Music Haven Stage has hosted hundreds of concerts and community gatherings and oft been named “Best Outdoor Concert Venue.” Now, a 2015 State Municipal Facilities Program Grant through the NYS Assembly and continued support from the City of Schenectady have provided the impetus for a plan to improve the comfort and security of the venue.



I would like to make a gift to Music Haven's House & Hill campaign by dedicating:
